

## Sports Premium

The Sports Premium is a government initiative designed to increase the level of skills children have in all areas of sport. Its purpose is to create a lasting legacy of sporting excellence that not only increases children's level of fitness but also their enjoyment of sports.

Chater Junior School has been allocated approximately £18,400 for the academic year 2018-2019. With this funding we are part of the Watford and Hertsmere School Sports Partnership. A wide range of interschool and intra- school competitions and activities including:

- \* Speed stacking
- \* Indoor and outdoor athletics
- \* Cross country running
- \* Tennis
- \* Gymnastics
- \* Hockey
- \* Cricket
- \* Netball
- \* Athletics
- \* Tri-golf

Included in this partnership is a coach to provide PE coaching for teachers as well as providing the children with quality teaching during lesson times and in lunchtime clubs. This has enabled the demonstration of best practice on all elements of PE to members of staff as well as modelling strategies on how to deliver effective sports skills.

To ensure that staff attend training courses to keep skills up to date.

We have appointed an organisation to run lunchtime and afterschool sports clubs in basketball, handball, athletics, tennis, football and extra-curricular clubs enabling children from all year groups to take part in structured games.

## Outcomes of this funding

The children of Chater Junior School will be introduced to many different sporting activities throughout the time of this funding, which will enable them to participate fully in sporting activities as well as seeing the importance of a healthy lifestyle. Chater Junior School also hopes that the funding will enable the children to have more opportunities for sporting success.
